

What you can expect from Environmental Services

We aim to:

- respond to 95% of your requests for service relating to alarms, stray dogs, overflowing sewage, work-related deaths and infectious disease outbreaks within two hours of receipt
- respond to 95% of all other requests for service in 2 working days of receipt
- carry out 95% of visits relating to land drainage issues within 3 days of their target date
- efficiently process all licence, permit and registration applications, within the time limits set by law.
