

Radon tests carried out in Wychavon District

Tests carried out by the NRPB on 141 dwellings in the district showed that levels of radon products in the internal atmosphere were well below the action level in all but one case.

Results by Postcode Sector:

Postcode Sector	Number of Results	Average (Bqm ⁻³)	Number at or above the Action Level
GL20 7	7	36	0
WR10 1	6	40	0
WR10 2	10	41	0
WR10 3	15	44	0
WR11 4	7	47	0
WR11 5	15	38	0
WR11 6	6	60	0
WR12 7	9	115	1
WR7 4	24	43	0
WR9 0	5	44	0
WR9 7	8	18	0
