Key: X = Collection point

What happens if I use a bin store?

- Where you have your own bin store for 1 or 2 properties, you will still be required to place your sacks at front edge of the property.
- Where you use a communal bin store there will be **no change** to your collection from the store.

When will my sacks be collected?

- There is **no change** to your collection day for refuse/recycling and should be available from 7am.
- If sacks are not put out in time collectors **will not** return to take them.

What happens if I cannot place my refuse out for collection?

- Exemptions will only be allowed in households where no-one is physically able to place the sacks at the front edge of the property. Please call us as soon as possible to discuss arrangements.

What if I forget to place my sacks out?

- **Please store them until the following week.**
